

**Cypress Terraces Chardonnay 2008 \$29 ★★★★★**

Grown on steep, terraced slopes overlooking the Gimblett Gravels, this is the debut release of Cypress' limited edition reserve range known as the Terraces. This chardonnay is incredibly clean and boasts elegantly ripe peach and grapefruit-pith characters. Juicy and youthful to drink, it also has a lengthy, textural finish that shows just enough oak for interest and longevity. I'd love to drink this wine in another year to see its progress because I'm sure it'll become something quite stunning.
